GO TIME OPPORTUNITIES

TRIP DESCRIPTIONS 2022

We are excited to share with you the short-term trips planned for 2022! God has continued to move in and through our partners throughout the world and we can't wait to get back on the field with them. Countries continue to open up and current travel restrictions are decreasing giving us confidence to share with our church when the trips will take place, but we are still working with our partners to solidify exact trip dates. The average cost of each trip is approximately \$2500 per team member. For up-to-date date and cost information for each trip, go to www.hopechurchlv.com/gotime.

To help describe the physical demands and the spiritual warfare of our trips we have added a key for each trip that will help you better understand each trips difficulties.

Here is how you can determine what it means for each:

The mission of this short-term trip will be to provide families living in poverty the opportunity to earn a house by serving their community. The family you will be working with is serving in their community to earn their future home. The purpose for the trip is construction to specifically build a house. The work will be labor intensive for the days you will be there.

LONDON, ENGLAND

February 2022

This Hope team will serve alongside our new partner, Redeemer Queen's Park Church, as they seek to engage the lostness of not only their city, but also the international refugees and migrants who now call London home. The team will be engaging the city through various outreaches, evangelism events, children's ministry, counseling, and helping develop young leaders within the local body of Christ. This is a great opportunity to get involved in what God is doing within a global city to literally impact the nations for eternity!

SOUTHEAST ASIA COLLEGE AND YOUNG ADULTS

June & September 2022

During this trip, the team will participate in prayer walks, gospel sharing, and building relationships with the people of this mega-city in Southeast Asia. One of the key strategies for this will be engaging the people in "English Corners." During the "English Corners", our team will meet with locals who seek to practice their English language skills by simply having conversation over a cup of coffee. If you love relationships, just hanging out with people and sharing the love of Christ, this trip is for you!

SOUTHEAST ASIA

March & August 2022

On this trip, we will have the opportunity to engage an unreached people group, the Kinh in the northern part of the country, as well as serving the Hmong people in training, encouraging, and equipping their leaders for the work of ministry. Both people groups have minimal access to leadership, theological, and missional training. New strategies can assist them in spreading the gospel in different ways that will help multiply disciples and churches.

This trip will also involve prayer walking and the beginning stages of intentional discipleship.
